

HOSPITALITY INDUSTRY SERVICES

HELPING ALL SEGMENTS OF THE HOSPITALITY INDUSTRY TO THRIVE THROUGH BEST-OF-BREED AUDIT, TAX, CONSULTING AND TECHNOLOGY SOLUTIONS

YOUR CHALLENGES

Hospitality organizations face constant evolution in their industry. Changing financial regulations, complicated corporate structures and intricate transactions add to the complexity.

Many organizations use antiquated accounting systems and practices that do not provide adequate visibility into financial performance and cannot consolidate data from a range of systems. This means you must manually re-enter data and reconcile reports – costing you valuable time that could be spent on your core business.

THE ARMANINO APPROACH

To better serve you, we incorporate critical strategies that have fueled our success thus far: profound expertise, aggressive problem solving, timely communication and unmatched personal service. We can anticipate your needs, ask the right questions and develop meaningful ideas and solutions — solutions that help you achieve and maintain your competitive edge.

OUR SERVICES

Regardless of your organizational structure or situation, our team of CPAs and former CFOs can help find the smartest audit, tax, consulting and technology solutions for your business.

Our hospitality experts have extensive industry experience to help you address your challenges, streamline your operations, maximize opportunities and minimize risks in a dynamic market.

This experience extends into all segments of the hospitality industry, including:

- Hotels
- Resorts
- Lodging
- Food & Drink Service
- Event Planning
- Transportation

OUR SOLUTIONS

Our experts can help you implement and optimize a range of technology solutions to streamline your financial processes. These systems include:

- Sage Intacct
- BlackLine
- Salesforce
- Workday Adaptive Planning
- Solver
- Microsoft Dynamics 365 (F&O, BC, GP and CRM)

Alongside these solutions, we can provide custom integrations with your existing software tools. We have earned the respect of both new and long-term clients by utilizing our analytical skills and breadth of resources to help them develop optimal business strategies.

YOUR BENEFITS

By working with Armanino, you can optimize your finance and operational processes through the automation of repetitive tasks and by optimizing your accounting functions. As a result, you can access real-time financial performance data to make strategic decisions and drive value to your organization.

ARMANINO ADVANTAGE

Armanino is one of the 25 largest independent accounting and consulting firms in the U.S. We provide an integrated set of business solutions to a wide range of organizations. You can count on us to think strategically and provide sound insights that lead to positive action. We address your underlying business challenges — assessing opportunities, weighing risks and exploring the practical implications of both your short- and long-term decisions.
