The technology and organizational needs of real estate firms are unique. No two firms are exactly the same. We help find the right fit of technologies and processes for your specific needs.

Fast growing real estate organizations turn to Armanino to maximize operational efficiencies, automate key systems, maintain regulatory compliance and more. No matter your need, our experts are ready to help your firm develop an infrastructure that grows with your organization.

Deep Operational Expertise

With experience in a broad range of real estate niches, Armanino has developed extensive insights that maximize efficiencies and streamline operations. Our assessment team guides your organization through the process of developing a roadmap that fits your strategic goals – creating a foundation for long-term success.

Cloud Technology Enablement

Complexity is affecting all organizations. Whether your team is using legacy systems or real estate specific technologies such as Yardi, Timberline, RealPage, our deep technology expertise will help you ensure your systems are working together cohesively. Armanino's best-of-breed cloud technology offerings include solutions for:

- Core accounting / general ledger
- Financial planning and analysis
- AP and AR automation
- Custom and pre-packaged systems integrations
- Reporting and business intelligence
- Financial close automation

From evaluation and implementation to integration and support, our award-winning technology offerings ensure your organization is well-positioned to focus on your strategic goals.

Essential Advisory Services

Changing regulations and market conditions can significantly impact the success of an organization in the dynamic real estate industry. By partnering with Armanino, our real estate clients maintain compliance, mitigate risk and stay focused on the key strategies that help their businesses grow. Our advisory services include:

- Outsourced finance, accounting and HR services
- Equity management
- Valuations
- Audit preparation
- Lease accounting compliance
- Due diligence and M&A consulting
- Cybersecurity and risk mitigation

Why Armanino

Our expertise in serving real estate investors, owners and operators, developers, technology providers and brokers enables us to anticipate your needs, ask the right questions and develop meaningful ideas and solutions—solutions that help you achieve and maintain your competitive edge.

“Armanino’s support has been like having a strong, well-equipped Sherpa while climbing Mount Everest.”
